Volume 1/2017: Managing Public Transport

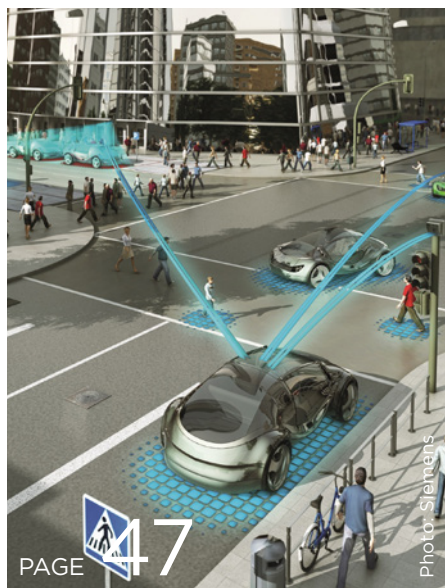

Volume 1/2016: Smarter on the move

Volume 2/2015: Looking ahead

Volume 1/2015. Urban transport

CONTENT

May 2018

PRODUCTS & SOLUTIONS

- 27 Solutions in a Nutshell**
Overview of selected Mobility Solutions
- 27 The world's largest electric truck on work
- 28 Leitner ropeways system to the world's largest hotel
- 28 Vienna, Igoumenitsa and Turda announced for European sustainable mobility awards
- 29 Blockchain solution could revolutionize ocean shipping
- 29 Dubai to test self-driving electric transport pods

SCIENCE & RESEARCH

- 30 Streetcar accidents in built-up areas**
Accident occurrence and measures for improving safety
Jean Emmanuel Bakaba
Jörg Ortlepp
- 33 Vehicle Stock Modelling: A new approach**
Forecasting based strategy development for new mobility solutions
Lea Heinrich
Felix D. Segel
Wolfgang H. Schulz
- 38 The travel demand impacts of fare-free regional public transport in Germany**
Tudor Mocanu
Christian Winkler
Tobias Kuhnimhof
- 42 Walking, waiting, interchanging**
A scenario-based analysis of user requirements in local public transport
Kathrin Viergutz

- 47 Projects in a Nutshell**
Overview of selected Mobility Research Projects
- 47 Sensors on speaking terms
- 48 BionicFlyingFox: Ultra-light-weight flying object with intelligent kinematics
- 48 Scenario 2050: Lithium and Cobalt might not suffice
- 49 Redox Flow Battery: Storage System for the Energy Transition
- 50 The easier way of hydrogen production
- 50 Innovation Center for Artificial Intelligence at Universiteit van Amsterdam (UVA)
